VII.	Floodplain Management Associations	19
VIII.	National Flood Insurance Information	20
IX.	Assistance Index—Floodplain Managers by Area of Expertise	21

INTRODUCTION

This directory provides the names of professionals involved in floodplain management throughout Montana. If you are looking for floodplain management information in a specific county or municipality in Montana, refer to the local government floodplain managers listing. State and federal floodplain managers are listed, as well as some private floodplain mapping and engineering consultants. Floodplain management associations and the national center for flood insurance information are also listed. If you have a question or need assistance concerning a certain aspect of floodplain management or flooding, please refer to the assistance index at the end of the directory.

LOCAL GOVERNMENT FLOODPLAIN MANAGERS

Local officials having floodplain management responsibilities do so as a part of their other duties. Local floodplain manager's titles are listed to show their area of responsibility. These managers can provide you with information on their local floodplain management regulations and floodplain development permit applications.

Not all incorporated cities and towns will be shown under the municipalities listing. If a municipality is not listed, it does not have a floodplain management program or floodplain maps.

Communities Listed With Asterisk

These communities do not have floodplain management programs or regulations and do not participate in the National Flood Insurance Program. However, they do have floodplain maps that can be ordered from the Federal Emergency Management Agency. Sanctions of the National Flood Insurance Program and State of Montana apply to these communities because they were identified as flood-prone but do not enforce floodplain management regulations.

LOCAL GOVERNMENT FLOODPLAIN MANAGERS
COUNTY LISTING

Beaverhead County

Randy Tommerup
Courthouse
P.O. Box 1166
Dillon, MT 59725

Phone: 683-5245
